

CURRICULUM VITA

BRADLEY S. GORDON, Ph.D.

Florida State University
Dept. of Food, Nutrition, and Exercise Sciences
College of Human Sciences
Telephone: (570) 350-4841
E-mail: bsgordon@fsu.edu

EDUCATION and TRAINING

- 2012-2015 *Post-Doctoral Scholar (Cell and Molecular Physiology)*
Pennsylvania State University College of Medicine
Department of Cellular and Molecular Physiology
- 2008-2012 *Ph.D., Exercise Science (Applied Physiology)*
University of South Carolina
Department of Exercise Science
- 2005-2006 *M.S., Exercise Science*
East Stroudsburg University of Pennsylvania
Department of Exercise Science
- 2000-2004 *B.A., Political Science/Athletic Coaching*
Millersville University of Pennsylvania
Department of Government and Political Affairs
-

ACADEMIC POSITIONS

- 2017-Present *Assistant Professor*
Department of Food, Nutrition, and Exercise Science
College of Human Sciences
The Florida State University, Tallahassee, FL
- 2015-2017 *Assistant Professor*
Department of Sport and Exercise Science
College of Education and Human Performance
The University of Central Florida, Orlando, FL

2008 *Instructor*
East Stroudsburg University of Pennsylvania
Department of Exercise Science
East Stroudsburg, Pennsylvania

2007 *Adjunct Faculty*
Lehigh Carbon Community College
Wellness Department
Schnecksville, Pennsylvania

PROFESSIONAL EXPERIENCE

2008-2012 *Research Assistant,*
University of South Carolina
Department of Exercise Science
Columbia, South Carolina

2008-2012 *Teaching Assistant*
University of South Carolina
Department of Exercise Science
Columbia, South Carolina

2006-2007 *Sports Performance Coach,*
Velocity Sports Performance
Allentown, Pennsylvania

2005-2006 *Graduate Assistant*
East Stroudsburg University of Pennsylvania
Intramural and Recreation Department
East Stroudsburg, Pennsylvania

HONORS, AWARDS, AND RECOGNITION

2014 **Outstanding Post-Doctoral Presentation:** Advances in Skeletal Muscle Biology in Health and Disease, Gainesville, FL. This award recognized an outstanding presentation by a post-doctoral scholar.

2013 **Outstanding Post-Doctoral Presentation:** Data and Dine Post-Doctoral Meeting, Penn State College of Medicine. This award recognized an outstanding presentation by a post-doctoral scholar.

- 2012 **1st Place Doctoral Presentation:** Graduate Student Day, University of South Carolina. This award recognized an outstanding presentation by a Ph.D. degree seeking graduate student.
- 2012 **Outstanding Doctoral Student Research Award:** Southeast American College of Sports Medicine Meeting, Jacksonville, FL. This award recognized an outstanding presentation by a Ph.D. degree seeking graduate student.
- 2008 **Fellowship for Highly Qualified Incoming Doctoral Students:** University of South Carolina, Columbia, SC. This award recognized outstanding incoming Ph.D. degree seeking graduate students.
- 2006-Present **Certified Strength and Conditioning Specialist (CSCS):** National Strength and Conditioning Association. This certification is the highest certification available by this professional organization.
-

FUNDED GRANTS

University of Central Florida College of Medicine 2016 Internal Award
03/2017-12/2017

The goal of this project is to characterize a new model of pancreatic cancer for a larger grant submission

Role: Co-I (PI: Dr. Deborah Altomare)

University of Central Florida Office of Research and Commercialization
05/2016-05/2017

The goal of this project is to determine whether androgens alter muscle oxidative capacity following aerobic exercise training.

Role: PI

University of Central Florida Tech Fee Grant
02/2016

The goal of this project was to increase the student's understanding of muscle physiology

Role: PI

University of Central Florida Tech Fee Grant

02/2016

The goal of this project was to increase the student's understanding of the measurement of genetic material.

Role: PI

National Ladies Auxiliary to the VFW Post Doctoral Fellowship

06/01/15-06/01/17

Salary support for two year research fellowship in cancer cachexia.

The goal of this project was to increase our understanding of the factors that inhibit rates of protein synthesis in skeletal muscle during cancer-induced cachexia.

Role: PI

Declined fellowship due to acceptance of faculty position at the University of Central Florida

SUBMITTED GRANTS

National Institutes of Health RO1 (2016)

Gordon (PI)

The goal of this project is to understand how hypogonadism alters muscle metabolism.

Role: PI

(NOT FUNDED)

James Esther King Biomedical Research Program (2016)

Gordon (PI)

The goal of this project is to understand how hypogonadism alters muscle metabolism.

Role: PI

(NOT FUNDED)

Bankhead Coley Cancer Research Program (2016)

Gordon (PI)

The goal of this project is to understand the factors that contribute to anabolic resistance during cancer.

Role: PI

(NOT FUNDED)

National Institutes of Health RO1 (2016)

Gordon (Co-I)

The goal of this project is to understand the factors that elicit skeletal muscle anabolic resistance with obesity.

Role: Co-I (PI: David L. Williamson, The University at Buffalo)

(SCORED: Resubmission Pending)

National Strength and Conditioning Association Grant (2016) Gordon (PI)
The goal of this project is to increase our understanding of the role of testosterone to the anabolic response following muscle contractions
Role: PI
(NOT FUNDED)

American College of Sports Medicine Foundation Grant (2016) Gordon (PI)
The goal of this project is to increase our understanding of the role of testosterone to the anabolic response following muscle contractions
Role: PI
(NOT FUNDED)

National Institutes of Health R15 AREA Grant (2015) Gordon (PI)
The goal of this project was to increase our understanding of the factors that contribute to the adaptation of skeletal muscle with exercise
Role: PI
(NOT FUNDED)

MENTORING

Thesis/Dissertation Committee Membership

2017-Present Michael L. Rossetti: Ph.D., UCF (Chair)

Honors/Undergraduate Thesis Committee Membership

2016-2017 Nicole Chudy: UCF Honors College (Committee)

INVITED PROFESSIONAL PRESENTATIONS

“Emerging mechanisms of muscle wasting and anabolic resistance.” American College of Sports Medicine Annual Meeting. Minneapolis, MN, June 2018.

“Castration alters protein balance following high frequency muscle contractions.” Advances in Skeletal Muscle Biology in Health and Disease Conference. Gainesville, FL, March 2017.

NATIONAL and INTERNATIONAL REFEREED PROFESSIONAL PRESENTATIONS

Gordon BS, Steiner JL, Rossetti ML, Govindarajan SS, Eroshkin AM, Williamson DL, Coen PM. “REDD1 induction regulates the skeletal muscle gene expression signature following acute aerobic exercise. Experimental Biology, Chicago, IL, April 2017.

Rossetti ML, **Gordon BS**. “The role of androgens in the regulation of muscle oxidative capacity following aerobic exercise training.” Experimental Biology, Chicago, IL, April 2017.

Steiner JL, Rossetti ML, **Gordon BS**. “Androgens alter skeletal muscle mitophagy in the refeed metabolic state.” Experimental Biology, Chicago, IL, April 2017.

Gordon BS, Nader GA, Steiner JL, Liu C, Jefferson LS, Kimball SR. “REDD1 alters the rate of muscle hypertrophy following functional overload. Experimental Biology, San Diego, CA, April, 2016.

Gordon BS, Nader GA, Steiner JL, Liu C, Jefferson LS, Kimball SR. “REDD1 alters the rate of muscle hypertrophy following functional overload. Advances in Skeletal Muscle Biology in Health and Disease, Gainesville, FL, January, 2016.

Gordon BS, Williamson DL, Jefferson LS, Kimball SR. “Nutrient-induced stimulation of protein synthesis in skeletal muscle is limited by the mTORC1 repressor REDD1. Experimental Biology Meeting, Boston, MA, March 2015

Gordon BS, Steiner JL, Lang CH, Jefferson LS, Kimball SR. “Role of REDD1 on mTORC1 signaling following eccentric contractions.” Experimental Biology Meeting, San Diego, CA, April 2014.

Gordon BS, Steiner JL, Lang CH, Jefferson LS, Kimball SR. “Putative role of REDD1 on mTORC1 signaling following eccentric contractions.” Advances in Skeletal Muscle Biology in Health and Disease, Gainesville, FL, March, 2014.

Gordon BS, Kazi AA, Coleman CS, Chau V, Jefferson LS, Kimball SR. “RhoA modulates signaling through the mechanistic target of rapamycin complex 1 (mTORC1) in mammalian cells.” Experimental Biology Meeting, Boston, MA, April 20-24, 2013.

Gordon BS, Delgado Diaz DC, Kostek MC. “Resveratrol Improves Muscle Function but not oxidative capacity in the mdx Mouse Model of Duchenne Muscular Dystrophy.” American College of Sports Medicine Annual Meeting, San Francisco, CA, May 29-June 2, 2012.

Gordon BS, Delgado Diaz DC, Kostek MC. “Resveratrol Improves Muscle Function in the mdx Mouse Model of Duchenne Muscular Dystrophy.” Experimental Biology, San Diego, CA, April 21-25, 2012.

Gordon BS, Delgado-Diaz DC, Kostek MC. “Resveratrol affects muscle function in mdx mice.” American College of Sports Medicine Annual Meeting, Denver, CO, May 31-June 4, 2011.

Gordon BS, Delgado-Diaz DC, Kostek MC. “Resveratrol affects inflammation in mdx mice.” Experimental Biology, Washington DC, April 9-13, 2011.

Gordon BS, Delgado-Diaz DC, Kostek MC. “Six1 Expression Affects Myotube Formation in C2C12 Cell Culture.” American College of Sports Medicine Annual Meeting, Baltimore, MD, June 1-4, 2010 (Thematic Poster Presentation).

Gordon BS, Delgado-Diaz DC, Kostek MC. “Six1 Expression Affects Myotube Formation in C2C12 Cell Culture.” International Biochemistry of Exercise Conference. University of Guelph, June 1-4, 2009.

Delgado-Diaz, DC, **Gordon BS**, Carson JA, Kostek MC. “Six1 is Decreased in Overload-induced Muscle Hypertrophy.” International Biochemistry of Exercise Conference. University of Guelph, June 1-4, 2009.

LOCAL AND REGIONAL REFEREED PROFESSIONAL CONFERENCES

Gordon BS, Williamson DL, Jefferson LS, Kimball SR. “Nutrient-induced stimulation of protein synthesis in skeletal muscle is limited by the mTORC1 repressor REDD1.” Data and Dine Post Doctoral Meeting, Hershey, PA, February 2014.

Gordon BS, Steiner JL, Lang CH, Jefferson LS, Gordon BS. “Putative role of REDD1 on mTORC1 signaling following eccentric contractions.” Data and Dine Post Doctoral Meeting, Hershey, PA, February 2014.

Gordon BS, Kazi AA, Coleman CS, Chau V, Jefferson LS, Kimball SR. “Novel regulation of mTORC1 signaling by Rho GTPases” Data and Dine Post Doctoral Meeting, Hershey, PA, February, 2013.

Gordon BS, Lowe DA, Kostek MC. “Exercise increases utrophin protein expression in the mdx mouse model of Duchenne muscular dystrophy.” Mid Atlantic American College of Sport Medicine, Harrisburg, PA, November 2012

Gordon BS, Delgado-Diaz DC, Kostek MC. “Resveratrol improves muscle function and reduces muscle pathology in the mdx mouse model of Duchenne muscular dystrophy.” University of South Carolina Graduate Student Day, April 2012.

Gordon BS, Delgado Diaz DC, Kostek MC. “Resveratrol improves muscle function in the mdx mouse model of Duchenne muscular dystrophy.” Southeast American College of Sports Medicine, Jacksonville, FL, Feb 9-11, 2012.

Collins BC, **Gordon BS**, Kostek MC. “Fast to slow: muscle fiber type transformation in response to altered Six1 gene expression.” Southeast American College of Sports Medicine, Jacksonville, FL, Feb 9-11, 2012.

MH Sundman, EE Hall, RA Gardner, WR Bixby, PC Miller, SE Folger, MC Kostek, **BS Gordon** & KP Barnes. “Catechol-o-methyltransferase genotype influences cognitive performance and concussion history in college football players.” Southeast American College of Sports Medicine, Jacksonville, FL, Feb 9-11, 2012.

Gordon BS, Delgado-Diaz DC, Kostek MC. “Resveratrol’s effect on inflammation associated with muscle degeneration/regeneration: a dosage trial.” Southeast American College of Sports Medicine, Greenville, SC, Feb 3-5, 2011.

Delgado-Diaz DC, **Gordon BS**, Kostek MC. “Therapeutic ultrasound affects IGF-1 splice variant expression in human skeletal muscle.” Southeast American College of Sports Medicine, Greenville, SC, Feb 3-5, 2011.

Delgado-Diaz DC, **Gordon BS**, Carson JA, Kostek MC. “Six1 is decreased in overload-induced muscle hypertrophy.” Southeast American College of Sports Medicine. Greenville, SC, Feb. 12, 2010.

Gordon BS, Moir G, Davis S, Witmer C, Cummings D. “The relationship of strength, power, and flexibility to club head speed in male golfers,” Mid Atlantic American College of Sports Medicine, November 2006.

TEACHING EXPERIENCE

Graduate

FLORIDA STATE UNIVERSITY

2017

Human Physiology

An advanced course designed to provide students with a thorough understanding of basic human physiology

UNIVERSITY OF CENTRAL FLORIDA

2016

Exercise Biochemical Laboratory Techniques APK 7139

An advanced course designed to introduce and provide practical experience in various molecular laboratory techniques. Class size of 6.

2016 ***Exercise Endocrinology PET 7387***
An advanced course designed to increase the knowledge of the endocrine systems control of physiology. Class size of 45

2016-2017 ***Physiology of Neuromuscular Mechanisms PET 6381***
An advanced course designed to increase the knowledge of the neuromuscular system and how it adapts to various physiological stimuli. Class size of 45

2015-2016 ***Advanced Cardiovascular Exercise Physiology PET 6388***
An advanced course designed to increase the knowledge of how the cardiovascular system functions with emphasis during exercise. Class size of 45

UNIVERSITY OF SOUTH CAROLINA

2010 & 2011 ***Cardio/Pulmonary Testing/Programming EXSC 784***
Instruct laboratories on topics related to fitness testing, heart rate, blood pressure, ECG preparation, maximal and sub maximal exercise testing. Class size of 20 students.

Undergraduate

UNIVERSITY OF CENTRAL FLORIDA

2015-2017 ***Physiology of Exercise APK4110***
Understand the acute and chronic physiological responses and adaptations that occur to changes in physical activity. Class size of 45-160.

UNIVERSITY OF SOUTH CAROLINA

2008-2012 ***Anatomy & Physiology, EXSC 223 & 224***
-Laboratory coordinator and instructor.
-Prepare and compose laboratory activities and exams.
-Coordinate 3-10 teaching assistants. Class size of 15-20 students.

2009-2012 ***Anatomy & Physiology, EXSC 224***
-Lecturer: *Blood*. Class of 150+ students.

2012 ***Exercise Physiology, EXSC 530***

-Lab coordinator.
-Prepare and compose laboratory activities and exams.
-Coordinate 4 TA's.

2011 ***Physical Activity and Health, EXSC 191***
-Co-taught lectures on health related topics. Class of 100+ students.

2011 ***Anatomy & Physiology, EXSC 223***
-Lecturer: *Bioenergetics*. Class of 60+ students.

2010 ***Exercise Physiology, EXSC 530***
-Lecturer: *Ergogenic Aids and Performance*. Class of 150+students.

EAST STROUDSBURG UNIVERSITY OF PA

2008 ***Mechanical Analysis Laboratory, EXSC 203***
-Laboratory instructor. Class of 15 students.

2008 ***Strength Training, EXSC 122***
-Introduce and practice various strength training topics. Class of 20 students.

2008 ***Physical Conditioning, EXSC 120***
-Introduce and practice various physical conditioning topics. Class of 20 students.

2008 ***Aerobic Fitness, EXSC 121***
-Introduce and practice various aerobic fitness training topics. Class of 10 students.

LEHIGH CARBON COMMUNITY COLLEGE

2007 ***Weight Training and Fitness, PED 143***
-Introduce and practice various health fitness topics. Class of 20 students

PROFESSIONAL SERVICE

- National Strength and Conditioning Association Abstract Reviewer: Judged both national conference and research award abstracts (2016-2017)
- Southeast Chapter of the American College of Sports Medicine Abstract Reviewer (2015-2016)

PROFESSIONAL ACTIVITY

- Panel member for fall research seminar conducted by Office of Research and Commercialization at the University of Central Florida (2016)
- Undergraduate Research Presentation Judge at Experimental Biology (2016)
- University of South Carolina Discovery Day Judge (2012)
- South Carolina High School Science Fair Judge (2011)

INVITED JOURNAL REVIEWER

- Physiological Reports
- Acta Physiologica
- Nutrition & Metabolism
- Journal of Applied Physiology
- American Journal of Physiology Endocrinology and Metabolism
- American Journal of Physiology Regulatory, Integrative and Comparative Physiology
- Journal of Strength and Conditioning Research
- Molecular and Cellular Endocrinology

COMMUNITY SERVICE

- Sports Performance Coach for Millersville University of Pennsylvania Men's and Women's Golf Program (2012-2016)

UNIVERSITY COMMITTEE WORK

- EHS Instructor and Lecturer Promotion Committee (CHAIR) (2016-2017)
- Undergraduate curriculum and Standards Committee (2016-2018)

PROFESSIONAL MEMBERSHIPS AND AFFILIATIONS

American Physiological Society
American College of Sports Medicine
