RESEARCH EXPERIENCE

- 2017 – Present Principal Investigator, Florida State University, Tallahassee, Florida
Supervisor: Dr. Francis Fincham
Responsibilities: Developed a quantitative research project to investigate parents' influence on children's implicit theories of intelligence. Participated in development and administration of survey.
- 2015 – Present Research Team Member, Florida State University, Tallahassee, Florida
Supervisor: Dr. Kendal Holtrop & Dr. Marsha Rehm
Responsibilities: Developed a quantitative and qualitative research project to investigate the relationships among parenting practices, social competence, and risky behaviors in college students. Participated in development and administration of surveys and interview protocol and questions. Assisted in data management and analysis, and collaborated with presentation posters and manuscripts.
- 2015 – Present Principal Investigator, Florida State University, Tallahassee, Florida
Supervisor: Dr. Steven Pfeiffer
Responsibilities: Developed a quantitative research project to investigate implicit theories of intelligence in college students. Participated in development and administration of survey, aided in data management and analysis, and collaborated with manuscripts.
- 2013 Directed Study, Valdosta State University, Valdosta, Georgia
Supervisor: Dr. Jennifer Lambert-Shute
Responsibilities: Developed a qualitative research project to explore racial, cultural, and age differences in parent-child interactions in public settings.
- 2011 – 2012 Directed Study, Georgia Southern University, Statesboro, Georgia
Supervisor: Dr. Katy Gregg
Responsibilities: Participated in observations of children with challenging behaviors. Coded behaviors to target and identify the antecedents and consequences of behaviors. Modeled and reinforced positive and appropriate behaviors to children with challenging behaviors through direct interventions to foster social and emotional development.
