Dietetics Internship Program Goals and Objectives

Goal 1: Graduates will become successful, competent registered dietitians in a timely manner.

- **Objective 1:** The program’s one-year pass rate (graduates who pass the registration exam within one year of first attempt) on the CDR credentialing exam for dietitian nutritionists is least 80%.
- **Objective 2:** At least 90% of employers/supervisors who responded to the survey will express satisfaction with the performance of the FSU DI program graduates.
- **Objective 3:** At least 80% of program interns complete the program/degree requirements within thirty-six months (150% of the program length).
- **Objective 4:** At least 80% of the program graduates take the CDR credentialing exam for dietitian nutritionists within 12 months of the program completion.
- **Objective 5:** At least 80% of program interns will agree that their dietetic internship experiences provided opportunities to practice core competencies expected of the entry level dietitian

Goal 2: Graduates will advance the dietetics profession through professional participation.

- **Objective 1:** Of graduates who seek employment, at least 80% are employed in nutrition and dietetics or related fields within 12 months of graduation.
- **Objective 2:** Of graduates in the dietetics profession, at least 80% will participate in a professional organization at the local, state, or national level.
